### 4 Tools

We strive to prioritize open-source software when possible, and occasionally contribute to them.

#### 4.1 Software

This website uses different technologies.

- The markdown source code is converted to `html`, `pdf`, and `odt` thanks to `pandoc`<sup>15</sup> and `pandoc-include`<sup>16</sup>.
- The `pdf` format is compiled using `XeLaTeX`<sup>17</sup>.
- The source code is highlighted thanks to `Pygments`<sup>18</sup>.

More details on the tools we use can be found in our user guide<sup>19</sup>.
